Experience

Equipped Data on  
Consumer  
Behavior

Reduced Staffing  
Expenses

Customer Loyalty

Increased  
Footfall

Increased App  
Registrations

# MISSIONS

## Upload a Receipt

You can either manually approve customer receipts on the platform or utilize SKALE's smart receipts platform to automatically verify receipt uploads. Rewards can be personalized based on receipt data.

## Follow a social media page

After users follow your Instagram or Facebook pages, you can request that they upload a screenshot of your page as proof that they completed the challenge.

## Upload a photo

You can ask users to upload a photo of your product, a selfie from your event, or any other image that demonstrates they've completed the platform challenge you've set.

## Scan a QR code

QR codes can be generated by our platform for your stores, product packaging, or offline activations.

SKALE's games automatically scan QR codes and award points or chances to players in real-time.

## Install an app

You can start the game as soon as users open the app. Alternatively, you can ask them to upload a screenshot of the app on their phones before awarding points or chances.

## Log In

If you've enabled the daily check-in, you'll be able to award points or chances each time a user logs in or launches the game.

## GAMIFICATION FAQ

Can participants still redeem rewards in the rewards marketplace after the campaign ends?	Yes. To set the validity of rewards, you can change the date in the Rewards Marketplace Validity section on the campaign page.
What are the design elements I can edit on the game?	You can change the masthead, background image, logo, font color, button color, and footer.
How can I track and reward shoppers who make In-Store purchases?	<p>Get your shoppers to scan a QR Code In-Store or prompt them to enter a unique 6-digit pin when they convert In-Store.</p> <p>If you chose Scan QR code, you'll need to create QR codes on the platform to use in offline sales channels.</p> <p>The 'Enter 6 Digit Pin' method requires you to generate the pin using the platform and then distribute it to employees who will manually enter the pin.</p>
Can the 'social media follow', 'app install', 'snap a photo', and 'upload a receipt' challenges be automatically verified?	<p>Yes, you can use the Auto Approve feature to instantly verify and award points for uploaded images.</p> <p>This feature, however, does not automatically assess the image's quality or validity. You can manually approve the images or work with SKALE's experts to develop the backend capability to ensure that each entry is qualified.</p>
Can I upload videos or GIFs on the challenge images?	No. Currently, you can only upload PNG or JPG formats of images on the challenge images.
Can I give out rewards instead of points and chances for challenges?	No. You can only give out points and chances. The user can claim the reward by using points or chances in the rewards marketplace page.
Do I need to download an app?	No. SKALE is a web-based platform.
What kind of packages do you offer?	Standard and advanced
What games are in the Standard Package?	Standard Package Games: Spin & Win, Digital Scratch Card, and Digital Quiz
What games are in the advanced package?	Games in Standard Package plus Digital Stamp Card, Augmented Reality / Metaverse and Customized Gamification
What is the difference between the standard and advanced package?	The standard package is customized by the agency themselves and has fewer games.
